

SERVICE WITHOUT
BOUNDARIES...

OUR VISION

Proclaim the glory of God through quality based compassionate healthcare services,bearing witness to CHRIST.

OUR MISSION

Proclamation of the good news that life – a gift from GOD is worth living, through holistic care to the physically, mentally or spiritually wounded people. Founding all our health care services on Christian values and rendering the same to all people irrespective of religion, caste or community with a preferential option for the downtrodden and underprivileged. Contribute to the better quality of healthcare system in the society by training nurses with knowledge, skills and values.

QUALITY POLICY

Nirmala Medical Centre is committed to provide high quality and affordable health care through well defined quality systems and efficient professionals and will actively pursue ever improving quality through periodic training.

DEPARTMENT DETAILS

DEPARTMENT OF GYNECOLOGY

The Department of Gynecology at our hospital is dedicated to providing comprehensive care for women at every stage of life. Our team of skilled gynecologists, nurses, and healthcare professionals offers a wide range of services, including routine gynecological check-ups, preventive screenings, family planning, and management of menstrual disorders, as well as advanced care for conditions such as fibroids, endometriosis, and pelvic floor disorders. Equipped with state-of-the-art technology, the department specializes in minimally invasive procedures and provides expert support for menopause management and gynecologic oncology. Committed to delivering personalized and compassionate care, we strive to empower women through education and holistic healthcare solutions. Investigates and treats problems relating to the female urinary tract and reproductive organs, such as Endometriosis, infertility and incontinence.
